

An Inspiring Lunch with KPMG

Following its support of a RHW Foundation cocktail event in May 2008, KPMG hosted a lunch for a group of clients and staff at its Sydney offices in October with the theme of 'be inspired'.

RHW Ambassadors Antonia Kidman, Judy Nunn, Paula Duncan and Tracey Spicer were guest speakers.

Facilitated by Tracey, the ladies provided an insight into a diverse range of topics, including challenges facing working mothers; what inspires and motivates them; wisdom learned from their mothers; work/life balance; and women's health and wellbeing. The audience was kept entertained by some of the funny and heartfelt stories the women shared.

Chris Jordan, KPMG State Chairman, welcomed the guests and RHW Foundation

Chief Executive, Penelope Hess spoke of the Foundation's role in fundraising for vital hospital equipment and research, and the importance corporate support and philanthropy plays in the hospital's fundraising efforts.

Secret Women's Business Lunches

The 2008 series of the Secret Women's Business Lunches was the most successful yet, with hundreds of women enjoying lunch with diverse, interesting and entertaining guest speakers including Jeannie Little, Prue MacSween, Professor Alec Welsh, Amanda Muggleton and Liz Ann Macgregor. This year the guests of honor were interviewed by Deborah Thomas, Editorial Director of the Australian Women's Weekly.

The luncheon series, with MC Paula Duncan is an opportunity for guest speakers to share the secrets of their success ... and of course some secret women's business! The lunches, held at the spectacular Quay restaurant, have also proven to be a solid networking opportunity for the many corporates involved such as Jenny Craig, Wyeth Healthcare, National Australia Bank and Australia Post. Now in its fourth year, bookings for the lunch series are filling very quickly. For those who would like to pre-register for the 2009 lunches (held on the first Tuesday of each month between June-October) please email linda.hollings@sesiahs.health.nsw.gov.au
